

## 9-10" Fit-N-Grip Universal 360 Case, Black

THZ592US

### Overview

The search for well-fitting protection can be frustrating for non-mainstream tablet or eReader users – the Targus Fit N' Grip Universal 360° Rotational Case is designed for you. The universal cradle of the Fit N' Grip securely holds your 9-10" devices in place with shock absorbing corners. And, you finally have a case that gives you access to your camera without taking the tablet out of its case. Even enjoy a seamless transition between portrait and landscape orientations that puts you in control of how you interact with your device.

### Features

### Specifications

Compatibility	Universal
360° Rotation	Making it simple to transition between landscape and portrait options, the 360-degree feature allows for more viewing versatility while keeping your device in the case.
